400 Years of American History The History of America—A Christian Study Course

All around us as Americans, we have fading reminders that we live in a country that was dedicated to Christ when it was formed. Yet, sadly, most Christians in this nation are ignorant of our history. This loss of our foundations has opened the floodgates for a spate of politically correct revisionism to run roughshod over academia and culture at large, redefining America's past in a way that belittles our heritage and does injustice to how our nation's history should rightly be understood. Learn the truth about America's past through this interactive history study course which features 10 DVD presentations, 60 MP3 messages, and a study guide which has Q & A for each of the included lectures. Featuring 60 lectures from historians such as Dr. Marshall Foster, Dr. Paul Jehle, Col. John Eidsmoe, Dr. Joseph Morecraft III, William Potter, Douglas W. Phillips, and more, this course surveys 400 years of U.S. history—all from a biblical perspective. This history curriculum not only surveys the great triumphs God has wrought in America, but also examines the bad fruit that has sprung up along the way that threatens the integrity of our nation. 63584 | \$95

History of America Companion Study Guide—Paperback. 288 pgs..... 63586 | \$12

“When I took history classes in a Connecticut government school, it was a mishmash of sterile dates, two-dimensional people, and disconnected facts. By contrast, Vision Forum’s History of America Conference featured America’s premier Christian historians who . . . explained the direct role that Almighty God played in the affairs of men from the founding of this ‘shining city on a hill’ through the moral decadence of our time.”

An Overview of Six Thousand Years of History

The History of the World Collection

The powerful messages contained in this complete curriculum series provide a panorama of six thousand years of earth history in a sweeping overview designed to dispel anti-Christian myths of historiography, establish a distinctively biblical grid for interpreting historical events, and cover key themes in the rise and fall of civilizations.

The 10-DVD boxed set provides a beginning overview of earth history from the world that perished to the Vikings, the Crusades, and the miracle of America.

The twenty lectures on the 2-MP3 CD set *B.C.* cover the first four millennia of earth history, with topics such as the pre-Flood world, the history of ancient Babylon, the Hebrew nation, the establishment of Rome, and ancient legal systems.

The twenty lectures on the 2-MP3 CD set *A.D.* begin with Christ’s incarnation and span the rise of Byzantium and fall of Rome, the history of the Church, the history of the law of nations, Islam, the establishment of America, and a review of the twentieth century.

Completing this curriculum, the 127-page study guide corresponds with the 10 DVD lectures by providing summaries, outlines, and detailed notes for further study, complete with definitions, suggested reading, and Scripture memory.

“The History of the World Mega-Conference was a milestone event in the history of Christendom. It drove a stake in the heart of the beast of modern secularism and historical theory.”

In her own words, Darlene tells the gripping story of her courage and commitment during the horrors of Japanese occupation as she tried to survive the prison’s harsh conditions, navigated the tensions between hostile ethnicities imprisoned together, found strength from the remarkable amounts of Scripture she had memorized, and sought to be a healing angel at a time when she desperately needed healing for herself. Our Most Important Messages!

Fatherhood Made Simple Set

God appears to be touching the hearts of a growing number of Christian fathers with a hunger to learn more about biblical manhood. With this revival comes the awareness that they must dramatically change the way our fallen culture looks at children, work, finances, education, etc. The goal of these messages is to inspire men to see the “big picture” of biblical manhood.

“Dads out there, you need to be encouraged by these messages! They will inspire you to become the man of God, husband of God, and dad of God that you were meant to be.”

—Kent Carlisle

The Men who Destroyed the Christian West

An Exposé of the Men Responsible for the Decline & Fall of Western Civilization

Whatever happened to Western civilization? Somehow, Christians have lost ground in every cultural area of leadership and influence in Europe and America since 1700. This is an indisputable fact. The remaining Christians search for an explanation. They want to know how it happened.

This is the story of the decline and fall of Western civilization. It is the story of uncommonly powerful men, unfathomably evil men . . . apostates.

Reader beware! This book faces head-on the spiritual forces that leveled a full-out attack on the Christian faith in the Western world. On the one hand, it is a story of demonic possession, insanity, suicide, mass-murder, adultery, homosexuality, cultural and social revolutions, and unbridled, maniacal apostasy. It is the story of apostasy on a massive scale. But it is also a story of hope and victory for the last men standing in the ashes of Western civilization. It will be a testimony to the inevitable triumph of Jesus Christ over the great men of renown who picked the wrong fight in the history of the West.

"Heritage Defense is a welcome friend in the battle for the family."

—Mike Smith, President, Home School Legal Defense Association (HSLDA)

Are you prepared to protect your children? A sinister movement is growing in America to criminalize biblical parenting. An anonymous tip is all that separates your family from a social services investigation over parental decisions regarding corporal punishment, sanctity of life, and medical choices like vaccinations and midwifery. Heritage Defense was established to protect Christian families against unfounded intimidation. The threat is real, and preparedness is critical. Become a member—join us.

A Breathtaking Response to Darwin & National Geographic

The Mysterious Islands

At the end of the world, there exists a strange chain of islands resting above vast tectonic plates. This is the world of the Galápagos Archipelago, home to salt-spitting marine iguanas, flightless cormorants, and giant tortoises. It is also the birthplace of Darwinism, and remains at the center of a controversy that has shaped the way modern men perceive science, religion, and life. In this cinematically-breathtaking documentary, Doug Phillips leads a team of Christian scientists and investigators to “ground zero” in the war of the worldviews. Their conclusion: The Galápagos Islands are not a laboratory for evolution, but a showcase for the biblical account of creation. 47863 | \$24

Food Fights, Biblical Health, & Family Life

Reforming Food and Family DVD Series

By Doug Phillips, Chef Francis Foucachon, and Dr. Michael Bernui

You do it three times a day, seven days a week, and fifty-two weeks a year. It's called eating food, and it was designed by God as the fuel for life. But to describe food merely as fuel falls short of the depth and breadth of the biblical message, and of the impact food has on our health and family life.

We are awash in a culture that de-prioritizes the values of Christian family life, and we have forgotten many of the basics which result in blessing because we have ignored the Scriptures as the all-sufficient foundation for faith and practice.

In the Reforming Food & Family DVD Series, learn how we as Christians should be reforming our families, our health, and the way we think about food. Join French chef Francis Foucachon, Dr. Michael Bernui, and Doug Phillips, for nearly 6 hours of food- and health-focused, Christ-centered messages that will impact your entire way of living. From hospitality to gluten, from radical veganism to family feasts, from genetics to "functional medicine," the Reforming Food & Family DVD Series examines errors, wisdom, blessings, and vision for the reformation of Christian family culture.

Discover the biblical joy of food in the Christian home, and the necessity of restoring a sound philosophy of food and family culture; the need for biblical and practical wisdom when it comes to the great food controversies of our generation; and the way food and health play a role in your stewardship of your body as the temple of Christ.

Gluten Intolerance, Adrenal Exhaustion, and the Future of Food in America

Reforming Food and Family Collection

It's clear that food features prominently in the Bible, but how does that fact relate to everyday life? How does food affect the culture? What can the history of coffee and tea teach us? If I am exhausted or overweight, what should I do? What about gluten intolerance and Lyme disease? Is it possible that my health challenges are linked to one of these two ailments? Should Americans expect to face food shortages? Why can't we buy raw milk? In this 3-album audio collection you will hear from doctors, historians, farmers, and a *bona fide* French chef who discuss food in the context of history, the Bible, our roles as stewards of our bodies, and much more.

Marxist Medicine Won't Work.

Samaritan Ministries Will!

"As we send our shares, pray for our brothers and sisters, and read the newsletter we are thankful for the Biblical and God-honoring way that Samaritan Ministries provides a health care alternative for us in times of need. It truly is the Body of Christ helping the Body."

—ROB AND LINN SEITER, TAYLORS, SC

Leaders in Washington want to convince you that the best solution to your family's health care needs is greater state control. That's Marxism. It doesn't work. More importantly, it's wrong!

I thank God that Samaritan Ministries has a cost-effective, biblical alternative to the challenge of rising insurance premiums and socialized medicine. Samaritan knows that the best solutions to your family's health needs will come from Christians caring for Christians.

Vision Forum is delighted to look to Samaritan for a God-honoring, inexpensive, and effective medical expense sharing alternative.

The VISION FORUM Children’s Catalog 2000–2014

There is a sacred window of time in a child’s life when everything is possible. A boy can rescue the damsel in distress, march with Washington against the Lobsterbacks, or hit the fields of Normandy with the 101st Airborne. A girl can sit for tea with the Queen of England, build a homestead on the prairie, or imitate her own mother by caring for a baby doll. Yes, there is healthy overlap in the play world of boys and girls, but there is a great glory when our sons and daughters imitate and grow consistent with a holy vision of masculinity and femininity and the unique callings of motherhood and fatherhood. It is the mission of the All-American Boy’s Adventure Catalog and the Beautiful Girlhood Collection to reinforce these “forgotten” values.

As parents to eight rootin’-tootin’ children, each with unique gifts, personalities, and passions, Beall and I desire to fill their lives with creative but holy opportunities to reinforce the highest ideals of Christian manhood and womanhood.

Every product in this Children’s Catalog has been selected to encourage our sons and daughters. You will find items directly linked to providential history or the glory of God expressed in creation, dominion, exploration, and scientific inquiry. And this journey starts with the thoughts, dreams, labors, and even play-time of childhood—when “pretend” is practice for a future reality.

Dolls, books, and BB guns do not make children “good,” and they certainly do not save souls. But they can be tools of inspiration for a child who, by God’s grace and mercy alone, may become a great kingdom warrior for the Lord. It is our sincere hope that, together, we can rebuild a culture of virtuous boyhood and girlhood.

Persevero,

Doug Phillips

Give Girls the Gift of Hope Blessed Daughterhood Collection

The call to Christian womanhood is a noble calling. It is a holy pursuit. It is a calling for a young girl to mature into a godly woman of purity, virtue, and a joyful spirit—to become a faithful “daughter of Zion.” A young girl, a lady in training, understands that she is a princess and daughter of the King of Kings, as well as a princess, daughter, and ambassador of her earthly father.

This collection of some of our most important CDs is designed to encourage young ladies and assist parents in their training as daughters of the King. These messages will challenge dads to faithfully disciple their daughters and train them to be virtuous women, and they will challenge daughters to love, honor, and obey their fathers. **6** **NF** **SP**
